

## Favored beverages of Kiwis

*While a majority of Kiwis drink mostly water, here are a few beverages to serve at your screening, if you can find them!*

### Lemon & Paeroa

A New Zealand-produced sweet soft drink now manufactured by Coca-Cola.

### Marlborough Wines

Most Kiwis will say that any wine from Marlborough is great, but the Sauvignon Blanc is New Zealand's most produced and most famous wine.

### Speight's Beer

Established in Dunedin in 1876, Speight's is a favorite beverage and features trivia about New Zealand's sports teams inside the bottle caps.

### Stolen Rum

The product of two entrepreneurs who recently added the unique Coffee & Cigarettes Spiced Rum to its line – a handcrafted spiced rum infused with coffee and tobacco flavors.

### Slushy Cider

Another favorite in New Zealand, sometimes with an added cup of bourbon or ginger beer.

#### Recipe:

Process all ingredients in a blender until slushy.

- 4 cups ice cubes
- 2 cups 100% apple cider
- 1 1/2 cups chopped peeled Honeycrisp apple (about 1 large)
- 2 tablespoons maple syrup
- 1 tablespoon lemon juice
- 1 teaspoon apple pie spice

### Kiwaiti Natural Spring Water

As we mention previously, Kiwis are partial to just plain water. This particular brand can be found at Walmart.
