BOOKS

***The Making of Rogernomics*, by Brian Easton**

The origin of this collection of political essays was a widely admired sociology thesis by Hugh Oliver on the pre-1984 debates with the New Zealand Labour Party, out of which the economic strategy of Roger Douglas finally emerged. ~ Amazon

***Revolution: New Zealand from Fortress to Free Market*, by Marcia Russell**

The story of New Zealand's 1984-1999 economic revolution from the West's most ultra socialist state into one of the OECD's most liberal is fully explain by Marcia Russell and many of the movers and shakers of this most traumatic era in this island country's political, social and economic history.

***The New Zealand Experiment: A World Model for Structural Adjustment*, by Jane Kelsey**

Jane Kelsey's was a questioning and challenging voice when she wrote this passionate critique of New Zealand's economic policies in the 1980s and 90s. The social and economic consequences of a decade of market-based reforms are laid bare in this statistically rich and rhetorically powerful work. ~ Amazon
