(a nonprofit organization), which comprise the statement of financial position as of June 30, 2018, and the related statements of activities and cash flows for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Notes to Financial Statements
June 30, 2018

NOTE 1 – ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization

Free to Choose Network, Inc. (the Organization) engages in the production and distribution of educational television programming and DVD’s.

Basis of Presentation

The financial statements of the Organization have been prepared on the accrual basis of accounting in accordance with generally accepted accounting principles of the United States of America (GAAP) and are presented on the basis of unrestricted, temporarily restricted, and permanently restricted net assets.

Sequencing on the Statement of Financial Position

Assets are sequenced according to the nearness of conversion to cash, and liabilities are sequenced according to the nearness of their maturity and resulting use of cash.

Public Support and Revenue

Public support is generally available for unrestricted use in the year collected unless specifically restricted by the donor.

Grants and other contributions of cash are reported as temporarily restricted support if they are received with donor stipulations that limit the use of the contribution. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions.

Endowment contributions and investments are permanently restricted by the donor. Investment earnings available for distribution are recorded in unrestricted net assets. Investment earnings with donor restrictions are recorded in temporarily or permanently restricted net assets based on the nature of the restrictions.

Property and Equipment

Acquisitions of property and equipment in excess of $500 are capitalized. Property and equipment are carried at cost or, if donated, at the approximate fair value at the date of donation. Depreciation is computed using the straight-line method over the estimated useful lives of the assets which range from three to seven years. Depreciation expense for the year ended June 30, 2018 was $8,039.
NOTE 1 - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Goodwill

Goodwill from the liquidation of Idea Channel, Inc. in December 31, 2006 is being amortized over fifteen years. The amortization expense for the year ended June 30, 2018 was $11,196 and the accumulated amortization at June 30, 2018 was $128,753.

Income Tax Status

The Organization qualifies as a tax-exempt organization under Section 501(c)(3) of the Internal Revenue Code (the “Code”). Accordingly, no provision for income taxes has been recorded in the accompanying financial statements. In addition, the Organization has been determined by the Internal Revenue Service not to be a private foundation within the meaning of Section 509(a) of the Code.

The Organization accounts for uncertainty in income taxes using a recognition threshold of more-likely-than-not to be sustained upon examination by the appropriate taxing authority. Measurement of the tax uncertainty occurs if the recognition threshold has been met. Management determined that there were no tax uncertainties that met the recognition threshold.

Estimates

Preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Cash and Cash Equivalents

The Organization considers highly liquid investments with a maturity of three months or less when purchased to be cash equivalents.

Accounts Receivable and Bad Debts

Accounts receivable are stated at the amount management expects to collect from outstanding balances. Receivables are expensed as bad debt when management deems them to be uncollectable, using the direct charge off method.

Inventory

Inventory is valued at the lower of cost or market, cost being determined by the first-in, first-out method and consists of media items that are sold or given to customers.
NOTE 1 – ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Functional Allocation of Expenses

The costs of providing the various programs and activities have been summarized on a program basis in the statement of activities. Accordingly, certain costs have been allocated among the program and supporting services benefitted.
